## Be Water Smart

		Often	Sometimes	Never
<b>I take short showers (5 minutes or less).</b> 				
<b>I take shallow baths.</b> 				
<b>I flush the toilet only when necessary.</b> 				
<b>I turn off the water while brushing my teeth.</b> 				
<b>I run the dishwasher only when it's full.</b> 				
<b>I run the clothes washer only when it's full.</b> 				
<b>We have an aerator on the kitchen or bathroom tap.</b>				
<b>We have fixed all dripping water taps.</b> 				

Remember, wasting water wastes energy – especially when you use hot water.

### My Water Pledge:

In the future, I am going to \_\_\_\_\_
